The legend of the Elden Ring is a myth that has spread throughout the Lands Between. The Elden Ring is a mythical object that contains the power that can be used by whoever holds the object. Holding the power of the Elden Ring can only be done by the people who hold that power. The lands surrounding Tarn were once controlled by an emperor who forged an empire by annihilating the people of the Lands Between. It's said that a small company of rebels led by a mysterious man defeated the emperor and sealed him in a tomb. Six wizards created the moonlight, called the Elden Ring. The people who fought against the empire and the six wizards are said to have been sealed within the moonlight, and the power the Elden Ring has to seal them is called the Moonlight. It was then that the survivors of the empire went into hiding and a myth was born among the survivors. Since it was sealed within the Moonlight, it is named the Elden Ring. For the past 500 years, the Elden Ring lay hidden in the Moonlight while people believed the empire was crushed and it was lost for eternity. When the people finally found the Elden Ring, they found that the Moonlight has lost its glow. The people found that the power to seal the six wizards that were on top of it was lost. And through a method they made up to seal themselves, the six wizards were sealed in new bodies and the power to seal them was transferred to them. That is how the Six Sealed Wizard were created. But to seal the chosen six people, the forbidden seventh magic was also needed. A magic that, if used, would lead to the destruction of the Moonlight and seal the people in their new bodies forever. When they came to understand this, the emperor set out to kill the people who held the power to seal the six wizards, and rule the world. At the same time, he also sent the Six Sealed Wizard to infiltrate the people who possessed the power to seal themselves and obtain the forbidden magic. The people possessed by the Six Sealed Wizard the power to seal themselves are in a world called the Lands Between. It is said that there are people who are sealed in the Moonlight, too, who reside in the between. I consider it my destiny to save them. It's time to put your destiny into action. **Interview with Square-Enix:
Producers Hashimoto, Ebisu, Ootsuka, Mitsuhashi and Imai shared
about the latest development**

Square-Enix, Inc. in Tokyo is planning a typical first release of the game, so they are keeping things like basic character abilities and emotions just in case. At the time of this interview with con-goers of Shirogane Network, a few additional items were also released, for example, "Weapon O messe": each of the weapon that is used is bound with a skill that is activated when the weapon is used. It's a great addition that allows us to use a weapon variety that wasn't included at all at the time of development.
