The Elden Ring Action RPG is a fantasy adventure story set in the Lands Between, a fantasy world where the Millennium War ended over a thousand years ago. The Lands Between is a world that has been destroyed by the disastrous Elden War and was thereafter abandoned by the human civilization. The villainous Empire of Chaos, a cult which calls upon ancient darkness, ravages this world in search of a god and the prophesied "Purge". A bright young man called Tarnished, who lives alone in the borderlands, is searching for two mysterious artifacts called the "Arrow of Encouragement" and the "Rod of Finality." The artifacts, which will aid him in his quest, are seemingly lost after the five factions belonging to the three opposing forces of the Millennium War, the Elden Church, the Cospire, the Imperial Army, and the Cloud People, fought against each other for the control of the Lands Between. The game is set in a desolate wilderness populated with monsters called "Erynn," who have "influenced" the Lands Between in accordance with their "affinities," and many outposts that function as "guardian" of the "Lands Between." These "guardian outposts" are the targets of attack by the Empire of Chaos. To resolve the crises of the Lands Between, you, the player, must forge an alliance with or compete against the various factions while you carry out your goal. [Story] THE LATEST FANTASY ACTION RPG. ## The Tarnished is always tarnished.

Within the Rings between, adventure has been lost in the wilderness, ruled by violence and confrontation. The lands have been ravaged by strife, and are now a grave for the new generations. In the days when the Elder Gods ruled the world, they entrusted with them a person called the "Tarnished", a person who brought them into this age of darkness. This person is said to have their power in the Rings between, and they are incredibly feared.

The Tarnished has lost their body, and is now a decaying old man living in the lands beyond, hunting for prey to provide his own food. But at the same time, he casts his eyes on another person, who called himself the "Elden Lord". As their eyes meet, a scar on the Tarnished's face spreads out; and as he casts his eyes upon the Elden Lord, the Elden Ring, known as the purest and sacred object, is given to him.

The Tarnished placed this pure, sacred object around his neck. A symbol of power and place of reverence. Being blessed by the Elden Gods, and following his namesake, he will be the Tarnished no more. And now, these two fleeting figures who roam the Lands between, will begin fighting one another for the future of the world. A world in which God has been absent for so long, only the power of the Rings remain to guide the weak nations of old.

"From the start, your life as an Elden Lord would not be easy." — Comes0 (PSO2) "If you love the world of A Realm Reborn, then you definitely need to play Tarnished. The story is fabulous, the combat is well-designed, and the skills are super fun to use. It's an RPG that you'll enjoy playing, whether you're out for a few hours or binge on it for a few days." — Gavhile (PSO2) "The main focus here is on the transition from the original A Realm Reborn to the new Tarnished world. From a gameplay standpoint, it's pretty exciting! I can only ask for more from it!" — Ohnabear (PSO2) "The game's combat is pretty enjoyable... it may not be the best nor most unique combat of the PSO2 series, but it serves well enough, as most folks are just looking for a fun combat game and go where the story takes them." — Icon (PSO2) "From the start, you'll find yourself creating a character with many options, from your personal appearance to the skills you learn. Sadly, the standard progression system is rather cumbersome. If you're looking for a rich story, an amazing combat system, and an immersive world, Tarnished is one of the best choices you have left." — Itachat (PSO2) "This is a game I can't stop playing. It truly is a breath of fresh air in the PSO2 world. Great story with amazing characters. The combat is diverse and engaging without being too repetitive." — jianting (PSO2) "One of the nicest things about Tarnished is how much of the lore it delivers while keeping the game fresh and accessible." — Megawara (PSO2) "Tarnished shines brightly because of its depth and easy accessibility." — Amiga Games (PSO2) "The highly addictive combat of Tarnished manages to surpass even the best of the battle systems of A Realm Reborn." — Hellfire (PSO2) "Tarnished gives me not only a PSO2 Experience, but a new experience of its own bff6bb2d33"
