**BEGINNERS GUIDE The Story** Players gain power by gathering hundreds of different items. “You are a Tarnished and nobody said you had to be a Lord.” In the Lands Between, on the continent of Elodin, dangerous and dark happenings are constantly occurring, and people have gathered in the capital city of Elodin. Some call the place the City of Murder, for the lack of order and orderlessness that reign. You are one such tarnished. Many of the other tarnished live in the Roamng Desert, some are adventurers, and some are indeed lords of sorts. The setting of your story begins here, as you create your own character. With your power, you will be able to walk into the Lands Between and fight alongside other adventurers. In the Land Between there are also people that are called Wielders, who wield swords and other weapons and use magic to fight. You can meet them and travel with them, and duel with them! As you interact with and gather more items, you will be able to level up! In order to increase your strength, you will be able to equip weapons and armor. You can obtain these through a variety of methods. As you gather the necessary items, you will be able to increase your attributes by leveling up. The world of Elodin is vast, and full of things to see and experience. The game is easily adaptable to the player’s interest and imagination. In order to become a Lord, you are given your own World Item, the Power of the Elden Ring. This ring has ability that is connected to the world. The world’s river, Avalice, is a liquid dimension, the Elden Ring takes on the form of a sword, and the demon you kill before you are a Wielder, is said to have been a Lord before. The Dungeon (“Zenerba”) Dungeon These dungeons are the structures where you can collect valuable items. RPG Elements You can equip your equipment and change your equipped weapons and armor at any time. A Dungeon is a place where you can

Rating 8.00 \* Review from G-Shocks \* Features Latest Soul Resonance Technology \* Equipment With Robust Graphics \* Original Character Design and a Dramatic Score Mountain Village in the kingdom of Burnel has been beset by frequent attacks from the demon hordes for the past three years. The demonic military commander that leads these attacks, J'San J'San, has been living in the west of the kingdom disguised as a peddler. Scouring the lands in search of resources in order to strengthen his power, he accidentally serendipitously encountered the Mage Guard, the organization entrusted with protecting the king of Burnel. Shortly thereafter, an invasion of the demonic army wreaks havoc in the mountain village. At the request of the king, the Magister Guard proceeds to crush the resistance forces. In the process of doing so, the Magister Guard is viciously attacked by J'San. This act has an unforeseen effect on the fate of the kingdom. The original Magister Guard manages to escape from the burning village, but their leader, Agatar, was killed during the conflict. As a result, two new Magister Guard, Smen and Jey, were recruited into the formation. Smen, the first Magister Guard, who is an old man in his
