In the Lands Between, a long-forgotten nation, the pious King Elden and his beautiful daughter Rose reside. It is said that King Elden's power comes from the blood of the soul of an evil dragon, which he sealed away in the distant lands, and his daughter Rose is blessed with the power of the Elden Ring and the power of the wind. Now, as warriors with conflicting ideals go head to head in the mysterious Lands Between, a fantasy action game is born! About the Author: Many people are entranced by the fantasy genre, but Chouchi Shinzou from Tokyo, Japan prefers real-time strategy games. With a secret talent for making beautiful illustrations and game-related drawings that enchant many, he has been writing novels and making games and illustrations for 10 years. He began living in Japan 7 years ago. Description Description Chouchi is a Japanese author and illustrator who has been creating illustrations and game concepts for his 10 years. A main stay for the genre of RPG, he is known as a person who is a creative genius when it comes to RPG illustration and design. A hidden talent for making illustrations and designs, he has been writing novels and games for 10 years. Now I need to get the EventID for my Service. That's easy. But I need the Event ID with a version number. I found some "DllLoadEventMsg" function, but I have not any working code yet. I have used Delphi. A: You will need to analyze the message parameters using the message debugger. Example: if not FMessage.CheckMessage(24292, SubMessage = 0) then Exit; More details are available in the documentation. The parameter SubMessage holds the version number. Q: mysql like syntax error. I want to use mysql like syntax to do exact match or partial match. This is my code. SELECT * FROM movies where movie_name LIKE '%Movie%' or `movie_year` LIKE '%2013%' I am getting syntax error near `movie_year`. The sql version I am using is 5.1. A: You can't do both: WHERE movie_name LIKE '%Movie%' OR movie_year LIKE '%2013%' When you combine AND and OR together, they have to all be true or false or you need parentheses. This: SELECT * FROM movies WHERE movie_name LIKE '%Movie%' OR movie_year LIKE '%2013%' is evaluating to: SELECT * FROM movies WHERE (movie_name LIKE '%Movie%' OR movie_year LIKE '%2013%') This is why you are seeing the syntax error. When you move the or keyword to the parenthesis, it doesn't combine with the rest: SELECT * FROM movies WHERE (movie_name LIKE '%Movie%' OR movie_year LIKE '%2013%') Your query should be: SELECT * FROM movies WHERE bff6bb2d33
