AutoCAD serves as the platform for other Autodesk products, such as an Autodesk Network, or a web application. Autodesk Project Server is a Web-based, self-hosted software for task and project management, task automation, collaboration, file sharing, and reporting. Autodesk 3ds Max is a cross-platform, full-featured 3D modeling and animation software. Autodesk Revit is a

3D architecture and engineering software application developed by Autodesk and produced by the company Revit Technology. Autodesk Maya, Autodesk Maya LT, Autodesk 3DS Max, and Autodesk Inventor are 3D design and animation applications. Autodesk Flame is a compositing program for VFX. The very first versions of AutoCAD were integrated into the operating systems Microsoft Windows, macOS, and OS/2

Warp. Versions 1.1, 2.1, 3.0, 3.1, 3.5, 4.0, and 4.5 were generally available for personal computers running Microsoft Windows. Versions 5.0 and 6.0, which were released for personal computers running the Microsoft Windows 95 operating system, were not successful. Version 7.0 was released for OS/2 Warp and Microsoft Windows 3.x operating systems. Version 7.5.1 was the first version of AutoCAD available for OS/2 Warp. The

first true Windows version of AutoCAD was AutoCAD 3.1, released in 1994. Version 3.2 was released in 1995. Both 3.1 and 3.2 were discontinued by Autodesk in late 1996. AutoCAD 2002 was released in March 1997. The next version of AutoCAD for Windows was released in July 1998: AutoCAD 2000. The current stable release of AutoCAD for Windows is version 2015. AutoCAD 2017 was released in December 2017. AutoCAD 2010

and AutoCAD LT 2010 were released in September 2010. AutoCAD 2008 was released in July 2008. AutoCAD 2008 was also the first version to support Microsoft Windows Vista and Windows 7. Versions before 2008 could only run on the operating system Windows XP. AutoCAD 2013 was released for the OS/2 operating system Warp in November 2012. AutoCAD can only be installed and run on Windows based computer systems. AutoCAD

runs natively on a variety of hardware platforms including, but not limited to, the following

Q: How to add new class to element using jQuery I'm using the swfObject jQuery plugin to convert flash content into HTML5. I have a block of code like this: This is a long paragraph. Make sure this text will be limited to a certain width. This is a long paragraph. Make sure this text will be limited to a certain width. This is a long paragraph. Make sure this text will be limited to a

certain width. Now, I want to add a new class in the above DIV called thisclass-wrap, to make sure all three paragraphs would be in a single wrapper DIV. How can I accomplish this using jQuery? A: $('div.thisclass').wrapAll(''); The 46-year-old bank robber was shot in the leg by an off-duty police officer after the thief held up a grocery store in South Texas A bank robber who was shot in the leg by an off-duty police officer and who suffered

a gunshot wound to the foot during the March 5 armed robbery was sentenced to 30 years in federal prison Wednesday for his part in the crime. The 46-year-old bank robber was shot in the leg by an off-duty police officer after the thief held up a grocery store in South Texas. Authorities said the grocery store owner on Jan. 12 paid a visit to the officer's home in Edinburg, Texas, after the owner saw surveillance video of

the robbery. Get push notifications with news, features and more. The officer's wife gave the couple a letter from the store owner, who said that he needed the robber's money and that the person who committed the crime didn't rob the store, authorities said. The owner wrote in the letter that he feared the robber would hurt him if he took the money, according to reports. The officer and his wife then took a second letter from the owner,

according to authorities, who say that they started discussing the crime when the officer called for his wife's help. The officer then decided to pay
