I have a page with a div with the class.box and a span within this div with the class.drop. Now I want to be able to drag the span from one of the.boxes to any other.box. I have tried the following:

```
$('.box.drop').draggable({ cursor:'pointer', revert: true, helper: 'clone', zIndex: 999, stop: function() { $(this).appendTo('.box'); $(this).draggable('enable'); } });
```

This works fine for all other.boxes, but not for the one with the specific class.drop. What am I missing here? A: Your selector is just: `$('.box')`; You need to use a dot on the class: `$('.box.drop')`; Alternatively, you can use a tag name: `$('div.box')`; @pone.0220099.ref059]].
